# WHO WE ARE

VISION

Developing the field of digital printing field in Saudi market which leads our clients beyond the printed page to more effective and efficient communications with their customers. we are redefining the printing industry, along with developing graphic design services.

**MORE THAN**  
JUST INK ON PAPER

# MISSION

Providing solutions for clients in order to obtain an advanced level of precision in meeting their needs with the highest quality in the least possible time.

# LUXE PRINTING SERVICES

---

The background features a light beige, textured surface with several large, overlapping, semi-transparent shapes in shades of beige and light green. On the left side, there is a faint, stylized logo consisting of a vertical line, a horizontal bar, and a circular element. The text 'WHY CHOOSE US' is centered in a bold, dark teal font.

# WHY CHOOSE US

We are at the forefront of digital printing and continually invest in advanced technology to ensure we can offer high quality printed products at we are also constantly looking for the best materials to use and adding new products to our extensive catalog.

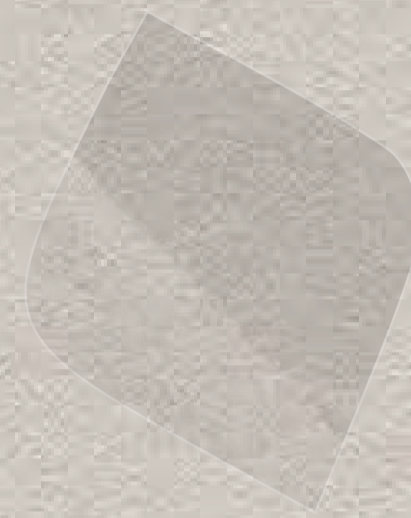

# VARIOUS TYPES OF PRINTING

# VALUE PROPOSITION

Providing all printing services with the best material and professional designs at an efficient time with highest quality, we always follow one rule **“less time and high quality”**.

## **OUR OBJECTIVE**

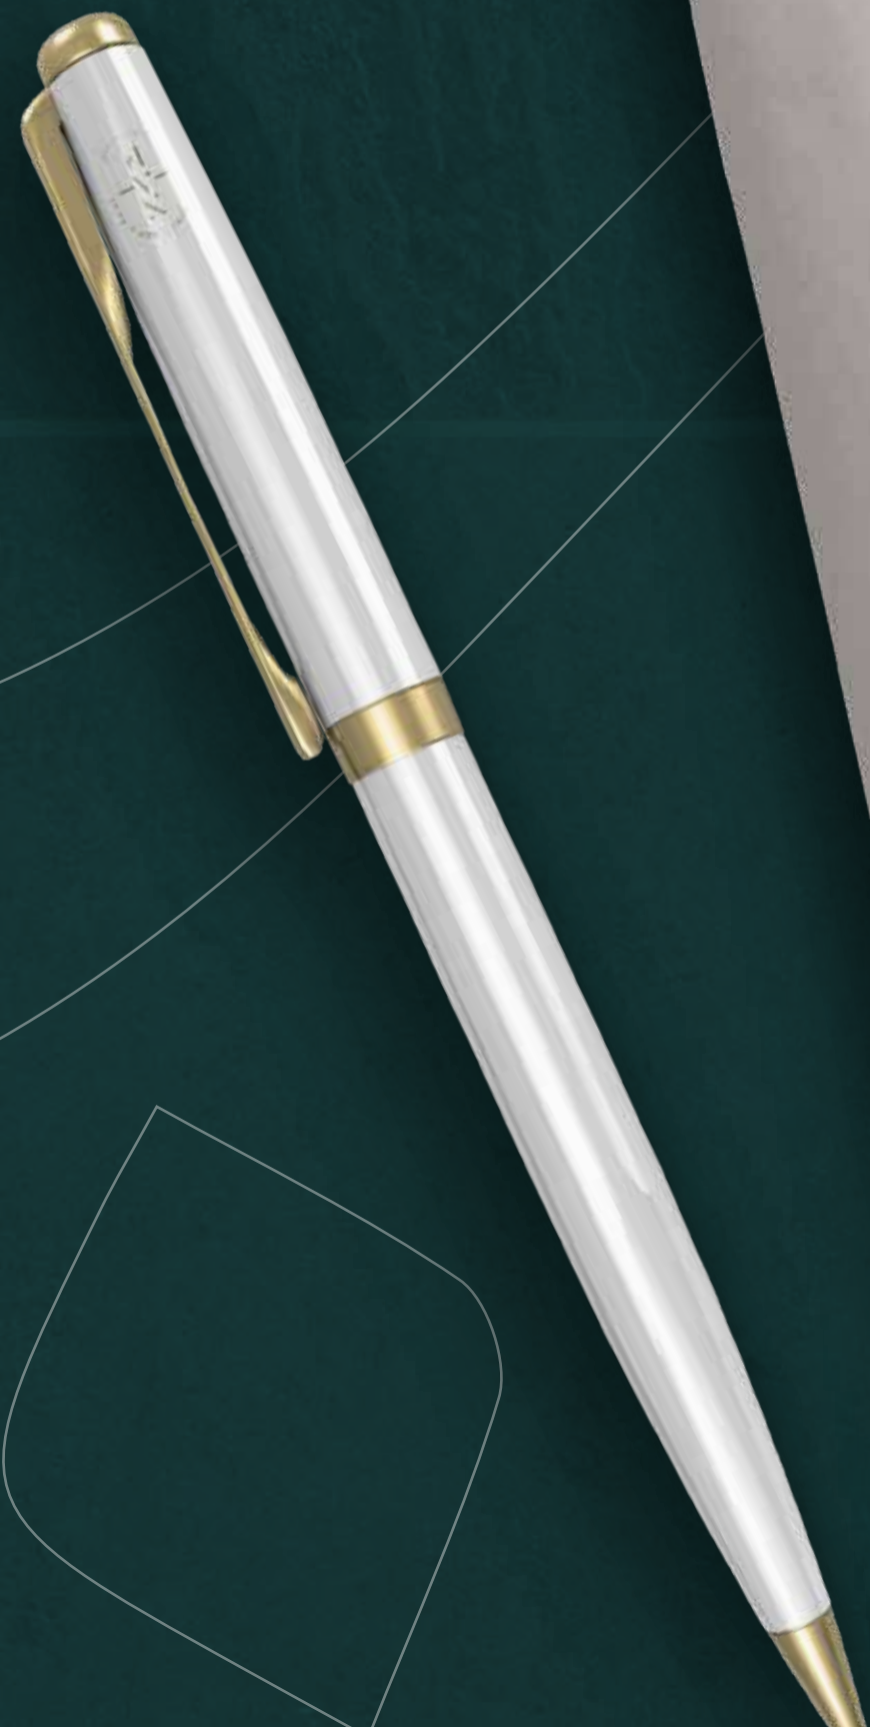

Delighted customer are key to our success & we strive to achieve this key every second printing is our passion & hence no matter what your print need is, Net-A-Print has the most effective print solution

# OUR SERVICES

# BRAINSTORMING, DESIGNING AND DEVELOPING IDEAS

We help with the initial step that precedes printing which is designing. We have a creative team of designers and art directors whom can help bring your ideas to life. Our team can brainstorm your idea from scratch or if you have an idea that you have an unclear vision of, we can help develop it to make your vision a reality. Our designing service is all about creating a design that meets your needs and exceeds your expectations.

# OFFSET PRINTING

Our offset printing services are perfect for large print jobs, It allows us to produce consistent, high-quality printed graphics without size restrictions.

# DIGITAL PRINTING

Printing service for companies who need to keep printing costs low and don't need to print substantial volume.

# PRINT ON DEMAND

If you need an urgent order for to be printed, you'll always find us to implement all your needs. From Business cards, flyers, brochures, posters & everything in between.

# XEROX IRIDESSE PRODUCTION PRESS

Up to **six** inline print stations print in a single pass.

For the first time it offers the addition of **two units** of dry ink to print brilliant gold, silver “**metallic**” colors and a glossy transparent color.

It has a high production capacity and a print speed of **120** pages per minute.

Inline finishing of landscape letter/A4 full bleed booklets on XLS sheets with Plock Matic Power Square 160 or C.P. Bourg Booklet Maker (BM-e) finishers

# CANON

## ARIZONA 1300 GT SERIES

A reliable effective 4 channel flatbed printer.

With 6 color flatbed printer for superior quality.

And 8 color channels for better production using light inks.

High key prints at up to 51m<sup>2</sup>/h for unbeatable quality and faster production speeds.

# TRUE

## VIS VG3-640, VG3-540

A variety of available ink configurations expand your gamut to output rich colors, smooth gradations, and beautiful skin tones.

Perforated sheet cut option reduces post-processing with “easy tear” perforations between print jobs.

Improve accuracy on long print runs of stickers and decals using the Crop Mark by Row in Versa Works 6 software.

A re-designed chassis, high-quality components, and a variety of media handling improvements make the VG3 perfect for unattended printing of short runs, long runs, print/cut, and so much more.

# HP DESIGNJET

## T830 36-IN MULTIFUNCTION PRINTER

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip.

Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked.

A reused HP chip enables the use of reused, remanufactured, and refilled cartridges.

Finished output handling.

# HP LATEX 1500

Achieve high-quality results and fast turnarounds.

Stay competitive with this affordable 3.2 m (126-in) Latex technology.

This is fast, super wide production at the quality you expect

# HEIDELBERG

## SPEEDMASTER SM 74-4

The Heidelberg Speedmaster SM 74-4 is a printing press that can print up to four colors and is suitable for various printing products.

It features automation technologies that improve efficiency and accuracy, such as automatic plate changing, presetting, and color measurement and control systems.
